## Observations... From Around Town

(BY JAY WHOZIT)

On Wednesday of this week the American people observed "Army Day" and in doing so they paid tribute to the greatest aggregation of armed strength on the face of the earth—the United States Army. During wartime we acclaim our armed forces with the utmost enthusiasm, but in peace time it seems that this enthusiasm wanes somewhat, only now when the entire world is wrestling with postwar problems we are not so quick to forget, instead our national leaders are stressing preparedness to meet any emergency... the Bay High Band annual spring concert, scheduled for last Friday evening, was not held because of a power failure, and has been postponed to Wednesday, April 13th... for the benefit of those "doubting Thomases" who so very often are wondering what becomes of the money that goes into the treasury of the King's Daughters' Hospital, the Hospital Board has prepared a financial statement covering the year 1948, showing receipts and disbursements, and which also shows that the hospital had an operating deficit of more than \$3,000 for the year, 1948... perhaps this will convince these folks that the hospital not only deserves but NEEDS financial help... On Tuesday midnight of this week, Mississippians started paying higher telephone bills—about 12.5 percent more the rate increase being granted at that time by the state Public Service Commission... Brother Romuald's Saint Stanislaus Band was one of the ten bands which paraded the streets of downtown Biloxi on Tuesday afternoon in observance of the third day of the 250th Biloxi birthday celebration... Pat Rooney, former Bay High School Band director, lead the ten-band parade, with his 66-piece band from Pascagoula... you are still asked to take part in the Clean-Up campaign being sponsored by the Bay-Waveland Garden Club in preparation for the spring Pilgrimage of the Coast Council of Garden Clubs, which will visit this section on Sunday, April 17th... the state Seaford Commission has announced that it will close Mississippi's short oyster season this week, this is being done because of the small size of the oysters and in the interest of preserving what oysters we have for future use, and to allow them necessary time to grow... Saint Stanislaus closed its 1949 boxing season officially on Wednesday night with the finals of the intramural boxing tournament, which really brought out some splendid prospects for next year's boxing team... Thursday, April 7th was straw hat day, so now you can put the old felt in moth balls and bring out the "Panama"... citizens of Waveland are advocating the organization of a fire company to provide fire protection to property holders of the town and we agree with them 100 percent, that with Waveland growing as it is, there should be some fire protection before they can expect residents and others to build homes there.

### Bay High Band Concert To Be Presented On Wednesday, April 13th.

The Annual Spring Concert by the Bay High School Band scheduled for last Friday night, at Bay High Auditorium, was not held at that time because of the electric power failure but instead has been postponed until Wednesday night, April 13th., at eight o'clock. Once again the public is invited to attend.

Those in charge are putting on an advance ticket sale and funds realized will be used to help defray expenses for the State Band Contest. Tickets may be purchased from the band students.

### NCCW Meeting At Long Beach, April 13

On Wednesday, April 13th., the regular meeting of the Bay St. Louis District of the National Council of Catholic Women will be held in Long Beach, at 3 p.m. All members are urged to attend as Mrs. Hoffman, Deane President and other officials will give reports on the board meeting of the Natchez Diocesan Council of N. C. W., which is to take place this Sunday, April 10th., in Jackson, Mississippi. Members who wish to attend the meeting in Long Beach, phone Mrs. George Guilbault 898-J for transportation.

### St. Stanislaus Easter Holidays

Brother Alexis, president of Saint Stanislaus, announced this week that Easter Holidays for all students will begin on Wednesday, April 13th., and that classes will be resumed on Thursday, April 21st. Boarding students will return on Wednesday, April 20th.

### RESOLUTION ADOPTED BY MAYOR AND COMMISSIONERS AT SPECIAL MEETING

The following is a copy of an order adopted by the Mayor and Commission Council at a special meeting held at the City Hall on Wednesday afternoon.

Whereas, I did either directly or by implication on at least two occasions previously, to-wit: On January 17, 1949, and again on March 21, 1949, as evidenced by the Minutes of the Commission Council oppose a detailed audit of the books and records pertaining to the financial affairs of the City of Bay St. Louis for the reason that such an audit was a tremendously expensive undertaking in view of the City's financial condition and that it was my honest and conscientious opinion that some sound basis for such an audit should exist before official sanction was given for its authorization, and

Whereas, I did further oppose a detailed examination of the books and records of the City of Bay St. Louis, for a period of sixteen (16) years as proposed by certain individuals for the reason that such a detailed audit at a cost of \$20,000 per year for each man engaged in making this thorough and detailed audit would more than offset the value of the information disclosed, and

Whereas, having had seven (7) years actual experience in municipal auditing with the State Department of Audit, it was my opinion that any discrepancies or irregularities of any consequence in the actual handling of the cash receipts would be disclosed by the procedure of a balance sheet audit, and further, that if any such irregularities or discrepancies developed that it would then be advisable from a standpoint of public interest for the Commission Council to authorize a more exhaustive examination of the financial affairs of the City.

Be It Therefore, Known that I do now go on record as a result of developments disclosed by the balance sheet audit now being conducted as favoring a detailed audit of the financial affairs of the City books and records as by law provided;

Be It Further Known that I do now enter a motion to be spread upon the minutes of the Commission Council that the State Department of Audit be and they are hereby requested to conduct a detailed audit of the financial affairs of the City of Bay St. Louis.

WARREN CARVER.

## ...PROCLAMATION...

### GOOD FRIDAY

Realizing the solemnity of the Memorable Day of Good Friday and that the Christian World bows in sorrow and sympathy, commemorating the World's Greatest Tragedy, and

That it is but meet and proper that our people, too, set aside their every day activities as far as possible and practicable with their every day life and pursuit, to do honor and to further glorify the Resurrection of One who was sacrificed and suffered the expiation of sins of Mankind.

That in order to pay tribute to the Holy Redeemer, I, as Mayor of the City of Bay St. Louis, do hereby proclaim Good Friday, April 15, 1949, as a DAY OF HOLY AND GENERAL OBSERVANCE; that our acts and attitude be such as to do reverence to the day.

AND, AS A FURTHER attestation of our feeling of respect and sorrow, and as an outward mark, I would respectfully ask that every place of business in the City of Bay St. Louis close their doors and cease business on this day to commemorate the hours of agony Our Lord suffered on the cross.

Done this 6th day of April, 1949, at the City Hall, Bay St. Louis, Miss.

WARREN J. CARVER, Mayor

Attest:

W. L. BOURGEOIS,

SYLVAN J. LADNER, JR., Commissioners.

### Funeral Services For Pfc Forrest J. Luc, To Be Held Saturday, April 9

PFC FORREST J. LUC

The remains of Forrest J. Luc, Jr., who was killed in action, in Germany, November 30, 1944, will arrive Friday on the 6:45 p. m. train from New Orleans.

Funeral services will be held Saturday at 3:00 p. m. with interment in St. Mary's Cemetery, with military honors.

Pfc Luc was the son of Mr. and Mrs. Forrest J. Luc and is also survived by four sisters, Mrs. Harry C. Ward, Mrs. Lawrence Cox, Ilena Luc all of Bay St. Louis and Mrs. W. L. Jones of Mississippi City, and two brothers Leroy and Foster Luc of Bay St. Louis.

### BROTHER ADELARD PASSES AWAY AFTER LONG ILLNESS AT COLLEGE

Brother Adelard, an invalid in the Saint Stanislaus Infirmary for over ten years, died suddenly Monday morning shortly before noon.

In the world, Joseph Santerre, was born in Greenville, New Hampshire, December 4, 1878. He joined the Brothers of the Sacred Heart at an early age and received his preliminary training in the Normal School of the Brothers in Canada. He taught several years in Canada and then was transferred to the United States. He taught at Bay St. Louis, Natchez, Natchez, and Baton Rouge.

From 1912 to 1915 he was principal of the school of Our Lady, Star of the Sea, in Far Rockaway, New York. He was teaching at Baton Rouge when he was stricken with a malady which brought him to his grave. His left side was completely paralyzed, and he never recovered the use of his arm and leg, so that he was forced to retire.

Brother Adelard was a great lover of sports especially hunting and fishing. Every Saturday and holiday found him out in the open, engaging in one or another of these pastimes. As a result, his enforced retirement was something which brought him great anguish although he was never heard to complain.

He was a very cheerful person and shortly before he died he was joking with his doctor and the nurse who visited him. He met his end alone but he was not unprepared to meet his God. He is buried in the Brothers Cemetery.

### Home Economics Class Entertains Officials

The Board of Trustees of the City Schools, The City Council and the Superintendent of schools and principal of the high school were honored guests at a dinner on Tuesday night prepared and served by the third year Home Economics class. Mrs. J. E. Horwin, head of the department was hostess. The dinner was served on a table covered with a white linen cloth and lighted by white candles in silver holders and arrangement of roses and sweet peas.

The invitation list included Mayor and Mrs. W. J. Carver, Mr. and Mrs. J. B. Burrow, Mr. and Mrs. S. J. Ingram, Mr. and Mrs. C. C. McDonald and Mrs. Sam Whitfield, Mr. and Mrs. C. A. Breath, Mr. and Mrs. John Scafield, Mr. and Mrs. W. L. Bourgeois, Mr. and Mrs. Sylvan Ladner, Mr. and Mrs. J. T. Broadus.

Short talks were made by the different officials and much praise was given the class, which included two boys, for the very well prepared and served meal.

### St. Joseph Academy Easter Holidays

St. Joseph Academy students will begin their Easter Holidays on Wednesday afternoon, April 13th. All Boarders will return on Monday, April 18th and classes will be resumed on schedule, Tuesday morning, April 19th.

Because the May Queen requests a holiday for the students, Mother Blanche, principal, deemed it advisable to include this day in the Easter holidays, giving Easter Monday as the extra day.

## Ninety-Two In Confirmation Class At Our Lady Of The Gulf, Sunday Morning

Ninety-two boys and girls of the Parish of Our Lady of the Gulf and its mission churches, constituting the Confirmation Class, received Holy Communion at 7 o'clock Mass at the Parish Church on Sunday morning, April 3. Mass was celebrated by Right Reverend Monsignor A. J. Gmelch, Pastor.

On Sunday evening at 7:30 Most Reverend Richard O. Gerow, Bishop of Natchez, administered the Sacrament of Confirmation. The Bishop was assisted by Rev. Father Edward P. Desmond and Rev. William C. Bauer.

Sponsors for the Confirmation class were Mr. and Mrs. Roger Heitzmann of Bay St. Louis.

Solemn Benediction of the Most Blessed Sacrament followed the administration of the Sacrament of Confirmation with the Most Reverend Bishop as the celebrant. Rev. Father Patrick Moran and Rev. Father Clement were the assistant priests.

Acts of Consecration to the Sacred Heart were read by Philip Menk, and to the Blessed Virgin Mary by Janelle Egloff, Sheila Heitzmann, Noleen Ladner, and Dominica Benigno.

On Monday morning the Confirmation class received Holy Communion at 7:30 Mass, which was celebrated by Most Reverend Bishop Richard O. Gerow. Following the Mass the members of the class were enrolled in the Scapular by Rt. Reverend Monsignor Gmelch.

## Statement Of Receipts And Disbursements Of Kings Daughters Hospital Show Loss Of \$3601.63

Below is shown a statement of the receipts and disbursements of the Kings Daughters Hospital of Bay St. Louis. This statement shows a total operating cost of \$24,402.96; the receipts for the year amounted to \$20,801.33. This amount is made up from the sum of \$17,607.79 received for the care of patients. The City of Bay St. Louis contributed the sum of \$793.68 from the imposition of a quarter mill tax levied for the support of the hospital. From Handcuffs the hospital received the sum of \$1,000.00 and from collections made by Constable Gerald Price the sum of \$600.00 was turned over to the hospital. The other small amounts which make up the balance

of the receipts were received from various sources, and from affairs given for the benefit of the hospital. The overall picture for the local hospital is not a healthy one; it shows a net operating loss of \$3601.63. The Kings Daughters circle can not sustain a continuous operating loss; plans, if the operation of the hospital is expected to be continued must certainly be made to meet the operating expenses. With the unemployment situation presently existing, it is to be anticipated that many more charity cases will have to be taken care of at the hospital than heretofore.

This statement gives much food for thought.

## OUR TOWN

By WARREN J. CARVER

The first of a series of three reports to be submitted by the firm of Taylor, Powell, Wilson and Hartford, Certified Public Accountants, has been received by the Commission Council. This first report contains:

1. System Recommendations
2. Recommendations Concerning Internal Control, and
3. Tentative Chart of Accounts.

Of these three phases covered, the second, or Recommendations Concerning Internal Control, seems to be the most important from a standpoint of public interest.

By "Internal control," Mr. Hartford means automatic proof of the accuracy of a certain individual's work, or, in the case of the tax collector who handles every penny of cash receipts, an automatic check on the correctness of his periodical settlements with the various city fund (or bank) accounts. Such a system of internal check definitely did not take place during the past years.

The audit report states that the system of internal check and control over the financial transactions of the municipality is grossly and dangerously inadequate. In order to correct this condition, the following is recommended: On real and personal property the total tax value of the assessment rolls should be charged against the tax collector and the tax collector must account for the amount charged to him by showing evidence that the collections were properly accounted for or the taxes were unpaid. Reports should be prepared by the tax collector at least once each month and the accuracy verified by another person.

The report further states that insofar as the water, gas, privilege licenses and other receipts are concerned, the recommendation is made that monthly reports be made by the tax collector and the accuracy of these reports should be verified by another person.

The audit report from which the above is taken is a matter of public record and is on file at the City Hall. It may be examined by anyone interested in reading or studying its contents. As the second and third, or last, of the reports are received, they will be given full publicity and the tax payers will be informed of the results of the balance sheet audit as conducted by the firm of Taylor, Powell, Wilson and Hartford, Certified Public Accountants.

For the first three months of 1949 building permits have totalled \$59,700.00, or a average monthly figure of \$19,900.00. Total for each of the three months was:

January	\$20,900.00
February	19,500.00
March	19,300.00
Total	\$59,700.00

The fire department sustained a loss on last Saturday when an accident occurred at the corner of Main and Toulne Streets. The fire engine was returning to the fire house when it collided at the intersection with a truck driven by an employee of the Coast Electric Power Association. Occupants of both trucks suffered cuts and bruises. Damage to the fire engine has been estimated at \$200.00 and the damage to the REA truck is said to have been estimated at \$325.00. Efforts were made to obtain the loan of a fire engine from New Orleans but no equipment was available from that source. A wire was sent immediately to Congressman William Colmer asking him to take the matter up with the War Assets Administration in an effort to locate a surplus fire truck and equipment that could be purchased at a reasonable price. Mr. Colmer replied immediately and stated that the War Assets Administration suggested that we contact their regional office in Dallas.

Mr. Colmer also wired the regional office in Dallas requesting that they give us all possible consideration and help. Up to this time we have not had the time for a reply from Dallas.

### KINGS DAUGHTERS ELECT OFFICERS

The following officers were elected for the next year at the meeting of the Bay St. Louis Circle of Kings Daughters held at the hospital on Monday, April 4th: Mrs. Rita Boh re-elected president; Mrs. Lucien Gex, first vice president; (Mrs. Gex had served as second vice president for several years); Mrs. Edouard Carrere, second vice president; Mrs. E. P. Kirkpatrick, secretary; Mrs. Leo Ford, Treasurer.

Dr. B. F. Floyd announced that he is leaving Bay St. Louis, May 1 and will take up residence in Gulfport. He will still retain his place on the hospital staff.

Dr. M. J. Wolfe asked for a rising vote of thanks for the hospital board for the splendid, loyal and cooperative spirit shown by them and the splendid work they have done.

## The News of the Little Theatre

April showers brought flowers for Lt. Wm. Freeman and the entire cast of last week's production, "Ten Little Indians." Lerie suspense kept the audience on edge until, with a crescendo of horror the murderer is finally exposed. This thrilled packed drama opened the 1949 season of the Little Theatre and required a great deal of hard work from all of those who participated. To Lt. Freeman, the director, and his troupe of thespians much credit is due for bringing excellent entertainment to patrons of the theater.

Mr. J. J. Kelleher, president, made a speech before the rising of the curtain. He told of many activities in the past, and of hope for the future; he also spoke of the able cooperation of his Board, and assured the audience that members of the theater for the year 1949, would have much to look forward to in good entertainment, and improvements in the building.

Another member of the Production staff of the coming play "My Sister Eileen," is Mrs. Victoria Henry, who will head the Makeup department. Mrs. Henry has done work before along these lines in the theater, and it is felt that another artist has been added to the cast when Vicky joined the group.

## MAY PROCLAIMED HOSPITALITY MONTH BY GOVERNOR WRIGHT

Governor Fielding L. Wright has proclaimed May in Mississippi as "Hospitality Month" and is calling on all citizens to participate in the state-wide program to encourage increased tourist business.

The observance, being conducted by the Mississippi Agricultural and Industrial Board in cooperation with various communities and servicing agencies, not only will serve to emphasize to Mississippians the importance of the state as a tourist attraction, but will help sell the nation on its scenic, historic and recreational advantages.

As part of this month-long program a "Miss Hospitality" will be selected from representatives entries of the various communities throughout the state. She will be crowned at appropriate coronation ceremonies at Biloxi, June 7-8th. Special window display cards, posters and guest car stickers for visiting motorists will be utilized by places of business, service stations and members of the Highway Patrol to bring attention to the importance of our out-of-state visitors. The Governor's proclamation, which

sets aside May as "Hospitality Months," reads as follows: "Whereas the State of Mississippi is rapidly gaining favor throughout the nation as a state which has wide and varied appeal for tourists and vacationers and with growing tourist and recreation business adding to the general welfare and prosperity of the state, and

"Whereas the further development of this potential \$200,000,000 annual industry is of paramount importance to the state and to the continued prosperity of our people, and

"Whereas the Mississippi Agricultural and Industrial Board is conducting an aggressive program to encourage citizens of other states to

## Veterans' News

Immediate positions for graduate nurses are available in the new and modern VA hospital at Houston, Texas, Dr. Lee D. Cady, acting manager, has announced.

VA will acquire the hospital from the U. S. Navy April 15 and is now organizing its staff. Nurses are being put on duty as rapidly as they are employed to replace Navy Nurses who are being ordered to other stations.

Minimum salary for VA nurses is \$2974.80 per year, ranging upward according to education and professional experience. Periodic pay increases and promotion based on merit are provided nurses.

Working conditions for VA nurses are excellent, including 40-hour work week, 30 days annual vacation and 15 days annual sick leave. Retirement benefits are also provided for nurses who wish to remain with VA for career.

Splendid housing accommodations are available on the hospital grounds for single nurses.

Nurses interested in positions should write or telephone immediately. Inquiries should be addressed to the Chief of Nursing Service, VA Section, Navy Hospital, Houston, Texas.

### QUESTIONS & ANSWERS

Q—As the widow of a World War I Veteran, I desire to file my application for a widow's pension. Must I file it in the city where my late husband died?

A—No. The application may be filed at your nearest regional office of Veterans Administration, or may be mailed to the Dependents Claims Service in VA's Central Office in Washington.

Q—I am a World War I Veteran and was married in 1947. Will my wife be entitled to a pension at my death?

A—No. The law provides that the widow of a World War I Veteran may be paid a pension only if married to the veteran before December 15, 1944.

Q—I hope to take on-the-job training under the GI Bill and would like to know the amount of subsis-

### To Represent Bay High At Miss. Academy Of Science

Sarah Vaughn, daughter of Mr. and Mrs. J. D. Vaughn of this city and Lillian Russell, daughter of Mr. and Mrs. Adam D. Russell, of Waveland, will represent Bay High at the 1948 meeting of the Mississippi Academy of Science to be held at Mississippi Southern College on April 29. Billy McClean and Hilton Smith are named as alternates.

This is indeed a compliment to the school and a signal honor for these young people of whom the town should be proud.

tence paid by VA and the maximum amount I will be permitted to earn in order to get full subsistence.

A—If you are single with no dependents, you will receive a subsistence of \$65 a month, or \$90 a month if you have one or more dependents, provided your income from productive labor is not over \$145 a month if you have no dependents; \$180 a month if you have one dependent; or \$200 a month if you have more than one dependent.

Q—I am attending school under the GI Bill. Am I entitled to unemployment allowance during summer vacation?

A—In order to qualify for readjustment allowance during your summer vacation, you must notify VA that you want your subsistence allowance discontinued, and register with a public employment office to show that you are actively seeking work.

## Waveland Real Estate Owners

At the February Meeting of the Mayor and Aldermen, an ordinance was submitted by Alderman Garza authorizing the formation of a Volunteer Fire Department. This ordinance was voted on and carried. At the March meeting of the Council, the minutes read that Alderman Garza had presented his ordinance only to be written in the minutes and not for adoption as a law. This, of course, was not in accordance with Mr. Garza's ordinance, which speaks for itself as written below:

### ORDINANCE

Feb. 7th, 1949

It is herewith ordained that a volunteer fire department be formed by the citizens of the town of Waveland, Miss., under the following conditions, and in conformity with all state laws.

There shall be a Chief of the Fire Department, and four companies one for each ward composed of a Captain, two (2) Lieutenants, and Twelve (12) men, whom shall be sworn in to do full duty when called upon, without compensation of any kind. These companies shall have the right to form their organization, and elect their officers composed of a President, Vice President, Secretary, and Treasurer, so as to accumulate funds, and to disburse them in accordance with a set of rules, or by-laws. This Volunteer Fire Department shall drill and instruct its members in the art of efficient fire fighting, and bring the organization up to a high standard whereby it will become possible to negotiate with the Mississippi Rating and Fire Prevention Bureau for a decrease in all insurance premiums of the township, and thus benefit all property owners within.

This ordinance is to be published and posted in accordance with all the laws of the State and town charter.

This ordinance, offered for adoption by Alderman John A. Garza of the 1st Ward.

(Signed) John A. Garza

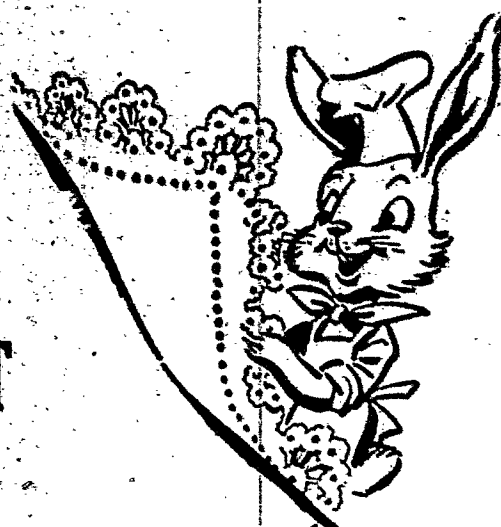

At the Tuesday, April 5th., Meeting Mr. Garza again made a motion to have his ordinance adopted into law and did not receive a second, therefore the ordinance died.

This of course is a sad state of affairs when the present administration cannot recognize the necessity of a good fire department. There are hundreds of volunteer fire departments throughout the country, carried on efficiently and without politics. Why not here? We have the equipment, but not the properly organized personnel. Real Estate owners wake up and demand the authority from this administration—to form your Volunteer Fire Department.

## ATTEND MOTHER'S 89TH BIRTHDAY

Mrs. Oscar Bragg returned home on Monday, having attended a birthday party for her mother, Mrs. W. L. Garrett, over the week end, in Birmingham, Alabama. Mrs. Garrett celebrated her 89th birthday with her five sons and two daughters, their respective wives and husbands, grandchildren, great grandchildren (five generations) all gathered at the home of her daughter, Mrs. E. C. Liles in Birmingham, on Sunday, March 27th. Her birthday was Monday, March 28th.

Each family brought a basket picnic lunch, contents of which proved quite a feast, when set out on two large tables. Besides the many cakes and pies, Mrs. Garrett's birthday cake made a lovely center piece on the lace covered table.

Vases of fresh flowers were artistically placed about.

Open house was the order of the day and it is estimated that over seventy five relatives and friends stopped by to add their good wishes and birthday greetings. Mrs. Garrett was the recipient of many beautiful and useful gifts but her greatest joy was having all of her loved ones with her, her daughter, Mrs. Bragg said.

## WEDDING OF GENERAL INTEREST

A wedding claiming general interest but which was very quiet was that of Miss Billie Staehle, daughter of William A. Staehle, of this city, who was married to C. J. Tudury, on Sunday, March 13, at a Nuptial Mass at the Catholic Church at Virginia Beach.

The bridegroom is the son of Mr. and Mrs. Clarence Tudury of this city. He is the grandson of Mrs. Ida Tudury and the late Peter Tudury. He is a graduate of St. Stanislaus and is in the United States Navy stationed at Virginia Beach. He served in the Navy in World War II and did overseas duty. The bride is a graduate of St. Joseph Academy. She is the eldest of Mr. Staehle's children.

## SURPRISE SHOWER FOR MRS. JOHN T. DEARING

Members of the Womens Missionary Society of the First Baptist Church surprised Mrs. John T. Dearing, the pastor's wife, at a baby shower on Tuesday afternoon of last week in the assembly of the Sunday School.

When Mrs. Dearing arrived and was greeted by the group she was handed the end of a string and told to follow it. The line ended in the nursery of the Sunday School where the gifts were displayed.

Upon her return to the assembly room, after opening her gifts, Russian Tea was served with other refreshments from a table bright with camellias and fern. Here a social hour was enjoyed with the large group of ladies present.

## Primary Class Has Radio-Phonograph

The Primary Class room of Bay High School has a combination record player and radio which they were able to purchase at a very nominal cost from someone who had a used one in excellent condition. The money won in the P-T. A. Mardi Gras parade for their Easter float was used to purchase the record player.

Mrs. Ashcraft says that the children are enjoying it and that it is a splendid help on rainy days when they cannot go outdoors. Mrs. Ashcraft also purchased an album of records.

## P. M. A. NEWS

Farmers of Hancock County can make their performance reports at any time now on winter legumes and pasture grasses on which they are receiving Government assistance.

This report can be made by returning the prior approval form to this office by mail with the lower half filled out and assigned. Farmers are asked to show in Item 7 of the prior approval form the pounds of seed planted and condition of stand and growth of the legumes or pasture grass.

Farmers who have lost or misplaced their prior approval form can make this report by calling at the P. M. A. office and signing the office copy.

The closing date for making this report is May 15, 1949.

The closing date for seeding Common lespedeza in permanent pasture on which Government assistance is to be given is April 1, 1949. The payment for seeding Common lespedeza in permanent pasture is 20c per pound. Farmers who desire to carry out this practice are urged to contact this office for their prior approval forms and get the seed planted by April 1st.

Sericea lespedeza seed are now available through the purchase order program. The cost of these seed is 32c per pound. The Government will pay 20c per pound of this cost leaving 12c for the farmer to pay. Farmers who desire to carry out this practice are urged to contact this office for their prior approvals and purchase orders. The practice on Sericea lespedeza is unlimited in 1949 and does not come out of the regular farm allowance.

Sericea lespedeza should be planted between now and the middle of April on a well prepared and firm seed bed. The seed should be planted as shallow as possible. It should be fertilized with approximately 600 pounds of basic slag per acre or 300 pounds of Superphosphate per acre. This office can also give some assistance to farmer on the cost of the basic slag or Superphosphate where their 1949 farm allowance is not already used up with other practices.

## CAN BLACK-DRAUGHT Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that makes feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, fatigue, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—then are what Black-Draught may do for you. ## S. J. A. Interclass Basketball Tourney

The Interclass Basketball Tournament, held at St. Joseph Academy last Friday night was won by the Junior class. The first game, the seniors won over the sophomores. In the second game the Juniors beat the Freshmen.

The finals played between the Juniors and Seniors proved an evenly matched game with a tie score until the last minutes, when the Juniors scored six points.

The gym was divided into four sections, with the class colors of each of the four classes decorating a corner and their respective mascots in prominence. The First Graders were cheer leaders.

The Juniors were presented a handsome trophy.

## Soil Conservation Election

In a County-wide Soil Conservation election Lucien Hoda, White Cypress Community; A. E. Smith, Sellers Community and M. G. Eccles, Flat Top Community, were the three winners in the election Saturday, March 19.

Each community was represented by one or more leaders on the ballot. For a person to get his name on the ballot, he must have twenty-five land owners to sign a petition endorsing him. Eleven names were entered on the ballot.

Voting places were as follows: K. C. Building, Bay St. Louis; Lakeshore School; Logtown School; Aaron Academy School; Flat Top School; Leetown School; Kiln School; Dedaux School; Catahoula School; Curve Ladner's Store and Sellers School.

made plain to the local library that books could not be loaned here unless a stipulated amount of tax payers money would be available. Representatives for the county and city visited the bookmobile and promised to meet this requirement.

Miss Crawford is in receipt of a shipment of 76 books from the Cloverbook Home For the Blind for which the library pays only the express charges. These books are sent from time to time, after they have been transcribed into Braille, and when they are received they must be rebound before they are ready for circulation. Miss Crawford is doing the rebinding. A few of the titles received are: Vain Shadow by Spence, The Big Three by Dallin, I Love Miss Till by Chase, The Labor of Hercules by Christie, The Moneyman by Costain, Hawaii, the 49th State by Clark, The Happiest Prisoner by Dickinson, The Lightwood Tree by Fleming, On Being Fit to Live with by Fosdick.

Come and read the new books recently received, and be sure to let the library know what you would like the bookmobile to bring on its next trip.

At a meeting of the Library Board held on Monday of this week plans were discussed for means of adding to the operating fund of the library. Members were urged to continue Book Reviews and plans were laid for several reviews in the near future by extra good reviewers.

Other means of financing the library came up for discussion. The board is anxious to give the public every opportunity to make the library theirs and also to help in every way possible.

ARMY RESERVE CORPS  
UNIT ORGANIZED

Organization of an Army Reserve corps unit in Bay St. Louis was completed on Tuesday of last week at a meeting held following one of the previous week preliminary to the organization of the reserve corps. In spite of the continuous downpour of rain, 35 men against the 133 of the preliminary meeting, attended.

Captain William L. Bennett of the reserve corps, Gulfport office, was in charge of the details of the organization, which will be known as the amphibious tractor battalion and will have domicile in the WOW hall which will be known as the Bay St. Louis Armory. All men, veterans or not, between the ages of 17 and 32 are eligible to join.

In the training program, the unit will hold two drills each month with a full day's pay for each member attending. Pay will be in keeping with the members' rank or any higher rank to which he may be promoted.

August Scafidi, has been most active in seeing that this reserve corps gets underway here.

Christ Episcopal Church  
Guild Lenten Sale

The ladies of the Christ Episcopal Church Guild are a busy group the year round but one always hears from them at the Lenten Season. Dating back a few years it will be remembered that the Parish House was founded on money made by twelve members with what they termed their Lenten dollar.

And they still use the Lenten dollar as a foundation for raising funds and many are grateful for the home-made cakes, pies, jelly and jam made and sold by them.

Place your orders now for some of these good things: Salad dressing: Mrs. C. L. Horton and Mrs. S. A. Power; Cheese straws: Mrs. N. L. Carter; Pound cakes: Mrs. Walter J. ## IN THE MATTER OF THE REJECTION OF HOMESTEAD EXEMPTIONS BY THE STATE TAX COMMISSION FOR THE YEAR 1947

Before the Supervisors Court, Mar. Term 1949

The Board of Supervisors of Hancock County, Mississippi, this day came to consider the homestead exemption applications of various persons, pursuant to an order of this board duly adopted and entered upon its Minutes at its regular meeting held in the City of Bay St. Louis, Mississippi on March 7th, 1949, which said order listed the names of all applicants whose applications for reimbursement of tax loss were rejected by the state tax commission, after having been allowed by this Board for the year 1947, with the amount of the assessment rejected by the commission, and the reason for the rejection, and the said order directed and commanded the clerk of this board to give notice to each and every said applicant, whose application had been rejected by the tax commission, in the manner and form specified by Section 18 (g) of Chapter 261, Laws of Mississippi of 1946, cited as "The Homestead Exemption Act of 1946," to present to this board objections, if any there be, to such rejection, and to show cause, if any they can, why the rejection by the state tax commission of the applications for homestead exemption for the year 1947 should not be accepted by this board and should not be finally disallowed.

This Board affirmatively finds that, pursuant to its order above referred to, that the clerk gave written notice to each of the applicants for homestead exemption, or home owners, named in the said order of January, 21st, 1949, by U. S. mail, postage prepaid, more than thirty (30) days before this meeting of the board, and that said notice clearly stated the following:

1. That the 1947 application for homestead exemption has been rejected by the state tax commission either in whole or in part.

2. That the tax loss has been charged to certain taxing units.

3. That the reasons for the rejection by the state tax commission were given in said notice.

4. That the applicant has 30 days in which to file objections thereto with this Board, and that said objections must be supported by competent evidence, or affidavit, except as to matters of public record.

5. That if no objection is filed, or if the objection is not properly supported by evidence, this Board will accept the action of the tax commission, disallow the exemption, and order the sheriff to re-assess the property as subject to all taxes, and to collect the additional tax due, in the manner provided for by law.

It is further ordered that the evidence presented to this board on behalf of each said applications and exemptions, be and is hereby accepted, and that the state tax commission be requested to rescind its order rejecting the said applications and to allow the exemption as applied for, or as subsequently revised, and that this board hereby believe the date thereof, and be eligible for homestead exemption for the year 1947, and should be allowed.

## IN THE MATTER OF THE SELLERS CONSOLIDATED LINE SCHOOL DISTRICT BOND ISSUE

The following resolution was introduced by Supervisor Johnson S. Shaw and seconded by Supervisor Joseph C. Jones:

Whereas, there has been presented to this board, petition signed by a majority of the qualified electors residing in the School District of Hancock County, Mississippi, requesting the issuance of bonds for the purpose of providing funds for the construction of additional buildings, namely: Cafeteria, Classrooms and Gymnasium.

Whereas, this board has checked the amount of qualified electors in said Sellers Consolidated School District, and also checked the amount of the qualified electors signing said petition, and do find that a majority of the qualified electors have signed said petition, and

Whereas, under Section 6370 of the Mississippi Code of 1942 provides that no election is necessary when a majority of the qualified electors have signed the petition, and

Whereas, said petition does not request an election, and this board believes that no election is necessary, the Sellers Consolidated School District for the purpose of constructing additional buildings, namely: Cafeteria, Classrooms and Gymnasium, and

Whereas, this said board of Supervisors does now find and determine that the assessed valuation of the taxable property as ascertained by the last complete assessment for taxation is \$77,770.00, and that the outstanding indebtedness of Sellers Consolidated School District, bonded and floating, is None and that this bond issue of \$11,000.00, when added to such existing indebtedness will make a total outstanding indebtedness, including both bonded and floating of school district for school properties of \$11,000.00, which indebtedness the board finds to be less than 15 percent of the assessed valuation of taxable property of the school district as assessed by the last complete assessments for taxation, and the board further finds and adjudges that the amount of this bond issue added to the bonded and floating, of said district for school purposes, does not exceed fifteen percent (15%) of the amount assessed valuation of the taxable property of said school district as ascertained by the last complete assessment for taxation, including an indebtedness that may have been incurred by said school district, or other school district or districts;

Now, Therefore, Be It Resolved and ordered by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. That proceeding under the authority of the Constitution and Statutes of the State of Mississippi, particularly, Section 6370 of the Mississippi Code of 1942, there shall be and there are hereby authorized, ordered, and directed to

## Soil Conservation News

By J. L. Bishop, Soil Conservationist

There are many ways to mismanage fish ponds, those wrong techniques are more complicated and more difficult than the few essential practices which produces good fish ponds.

Offered here is a list of 5 essential things that must be done to have the best fishing in farm ponds.

1. It is essential to begin with 100 bass and 1000 bluegills brim per acre of water. A few adults won't do, and no other kinds of fish can be managed very successfully, according to present experiences.

2. It is essential to fertilize pond water. Submerged water-weeds and mosquitoes can thus be kept out. Fertilized waters produce a heavy yield of fish, and make fishing more successful. Between 500 and 1,500 pounds of 8-8-4 Chemical fertilizer will be required per acre, annually.

3. It is essential to protect a pond from becoming muddy and from excess water. Silt prevents economic fertilization, and, since pond management is chiefly water management, a farmer finds fertilization a helpless task if the pond continually refills with fresh water and washes out that which has been fertilized.

4. It is essential to maintain a pond free from weeds, grass, brush, trees, and other debris or obstruction. Fishing is more pleasant and more of the fish will be in usable sizes.

5. It is essential that the pond be fished—removing unable fish by hook and line fishing—without regard for spawning season, size, kind, or numbers. The number of pounds removed will govern the number of pounds produced as the food, formerly consumed by those caught, becomes available to those remaining. The fish themselves will limit the Angler's Catch, leaving a big margin of safety in breeding stock.

These five essentials will produce excellent fishing without any other measures. To make each pond manageable requires a little common sense when selecting sites and constructing the reservoirs. Management requires a reasonable amount of work and expense to apply fertilizer and control vegetation around the pond edges.

All farmers who have plans to construct fish ponds should take these 5 essential things into careful consideration before expending their efforts on the incorrect practices. Incorrect practices will be printed in this column in the next issue.
